The GMP Labeling System™

Since 1987 GMP labeling has provided quality control products to FDA regulated manufacturers who require accuracy, assurance and a quick turnaround on their labels. Our labels are used in thousands of facilities around the world by companies who produce precision products, are inspected by government agencies, or who simply wish to clearly and effectively control their processes.

The GMP Labeling System includes quality control labels, signs, cleanroom supplies and Standard Operating Procedures that help manufactures and producers comply with Good Manufacturing Practices and ISO requirements. Our products will help keep your operations on target and our customer service will save you time and effort by ensuring you receive the right products every time.

- We ship over 800 different stock label designs with same-day service.
- Custom labels can be designed and made in as little as 48 hours.
- We have 64 SOP procedures and Log Books that can jump start the development of your Quality Management System.
- Cleanroom products manufactured to ensure you meet ISO cleanroom standards.

Labels can include your company logo, user operating instructions, employee handling warnings or any other message that you wish to convey. Each label is manufactured to match your specifications and service conditions. With over 800 label designs in stock, and custom labels in almost any size, shape and color designed to meet your specific needs, these labels that can improve your compliance identification and quality control programs.

Our Guarantee:
You can return anything, any time.
No discussions, no problems.

Sincerely,

Robin Kalsbeek
General Manager

CRYOGENIC LABELS

These labels are made using a polypropylene face stock and include an acrylic adhesive specially designed to adhere to plastic and glass surfaces. They can withstand temperatures of -70°c (-94°f) to +90°c (+194°f), and sterilization methods such as steam, autoclave and gamma radiation.

Browse, search and purchase labels using your phone or tablet.

Scan

COMPUTER-PRINT LABELS

LP labels come packaged on flat 8½" x 11" sheets with pre-printed headers and field identifiers. These labels are identical to many of our roll labels, but are packaged on sheets allowing a desktop printer to enter data quickly and legibly onto the label.

We provide GMPublish (Page 18) templates for each LP label design so that your data entries are clear and legible using your PC. LP labels are an excellent solution for high-volume labeling jobs, sequential numbering, or any labeling that requires a professional look.

Several of our LP labels use removable adhesive for use on glassware or other temporary applications so that label residue is eliminated after removal.

Blank LP Labels

We also carry blank LP labels (Without headers or field identifiers) which allow you to design your own labels for any application or to create customized labels using GMPublish. Or, we can print any label design as a custom label on LP packaging, allowing data entry using your desktop computer and printer.

CUSTOM LABELS

Custom labels can help identify areas of your manufacturing line, designate the status of products and equipment, or organize workspaces and operations.

We make designing and ordering custom labels easy. The design process is quick and can accommodate your artwork and logos if required. Our label designers can work from your sketch, from engineered drawings, or simply from a description of what you want. Proofs can be developed if required to ensure accuracy and completeness prior to production.

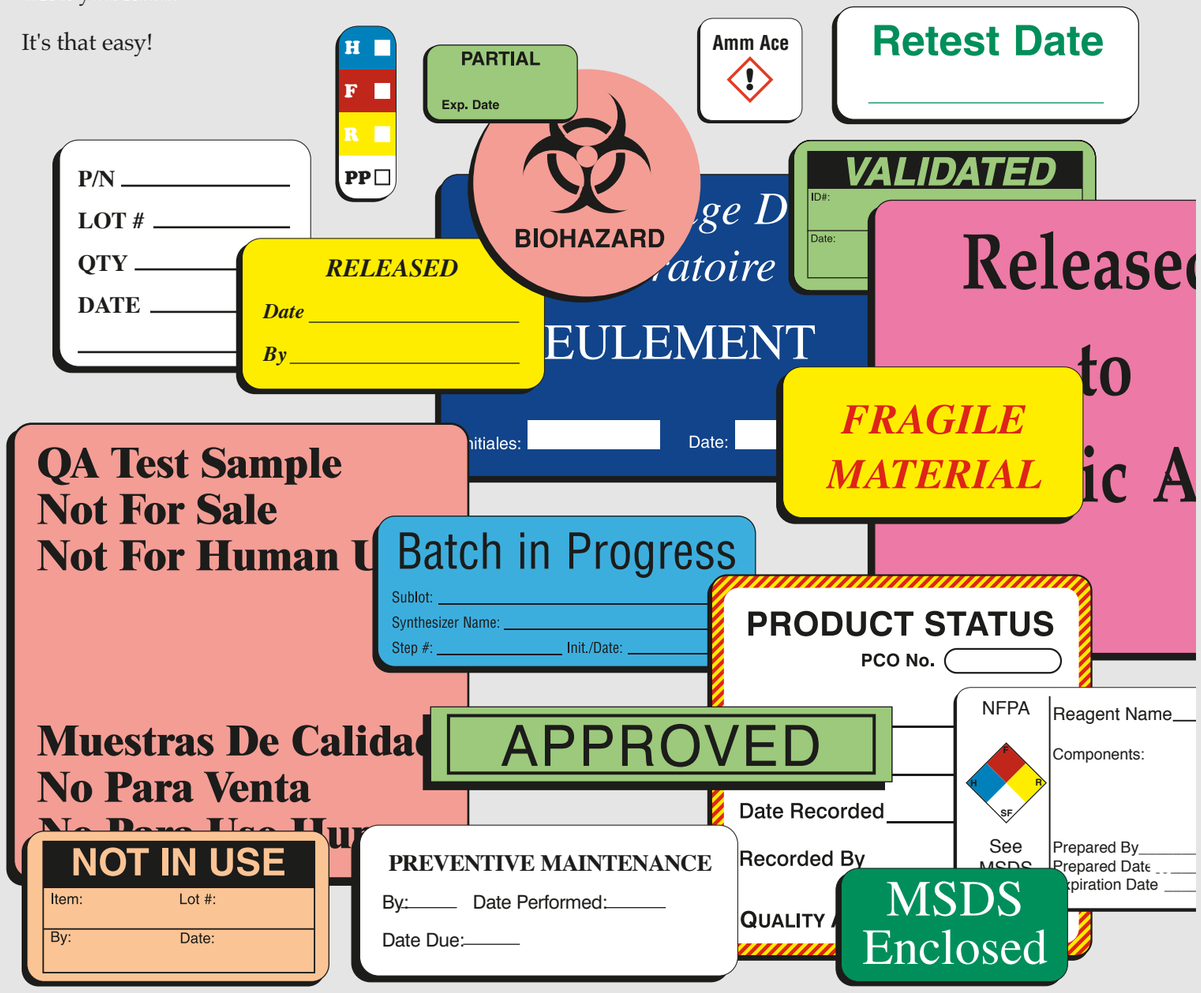
Thousands of color, shape and material combinations are available. Your labels can be packaged on rolls, in printer compatible sheets or on pin feed packages.

With 14 different label colors, 50 different sizes and shapes, material and adhesive options, and any PMS ink color to choose from, we can produce almost any custom label you require.

We offer materials and adhesives that can withstand high temperatures, freezer storage, sterilization, and other harsh service conditions

Customized labels can be designed for your specific needs and to your specifications. Give us a call and tell us what you need.

It's that easy!



Call toll free 800-637-4487 to place an order or visit www.gmplabeling.com

Custom labels to match your needs in a few easy steps

Design your custom labels following the steps described below. If you only have a general idea of what you want, call us and we'll complete the design for you.

There is no charge for design completion and art layout.

Your options include:

- Almost any label size and shape
- 14 different stock materials for roll labels
- 12 different stocks for computer-print labels
- 5 different ink colors
- A wide choice of type faces
- Sequential numbering
- Permanent or removable adhesive

STYLE

We offer a choice of three styles: **roll, computer-print/sheet-feed** and **computer-print/pin-feed.** Computer-print labels are supplied on non-gloss (matte) stock so you can print on them from your computer, or write on them by hand.

Sheet-feed labels are supplied in 8-1/2" x 11" sheets for printing on desktop printers. (250 sheets per pack.)

Roll labels are supplied on gloss or non-gloss stock.

Pin-feed labels are supplied in fan-fold sheets with tractor holes for printing on a dot-matrix printer.

INK COLORS

Black ✖ Blue ✖ Red ✖ Green ✖ Brown ✖

You may have up to five colors on a label, choosing from the colors above or any Pantone Matching System (PMS) color you specify.

SIZE

Your custom labels can be square, rectangular, circular or oval, in virtually any dimension. Roll labels can be as big as 26 square inches. Sheet-feed labels can be any rectangular size up to 8-1/2" by 11".

Clear cover labels to protect hand writing or imprinting are available in all sizes.

Labels with permanent adhesive are supplied UNLESS removable adhesive is requested.

TYPE STYLE (Optional)

Here are some examples of type styles. If you wish, choose one (or more) of these styles and indicate your choice on your label sketch. Or, you can leave the choice of type style to us. If you have a particular type preference, tell us.

- Helvetica
- *Helvetica Oblique*
- ***Helvetica Bold Condensed***
- **Helvetica Bold**
- ***Helvetica Bold Oblique***
- **Palatino Bold**
- *Palatino Bold Italic*
- Eras Book
- **Eras Demi**
- *Brush Script*
- Americana Bold
- **Americana Extra Bold**
- **Times Bold**
- Century Old Style
- Avant Garde
- **Eurostile Bold**
- Futura Book
- **Trade Gothic Bold Condensed**

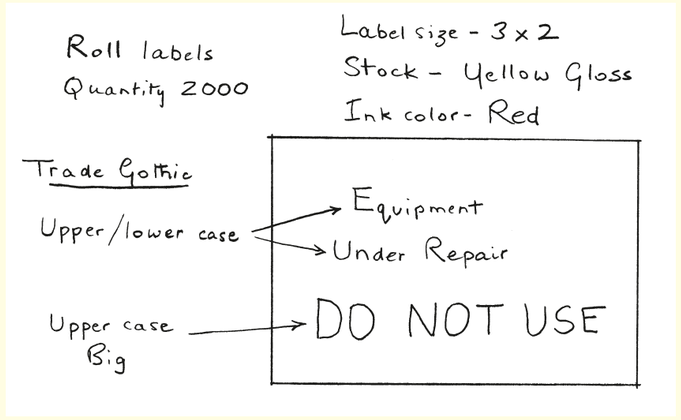
TYPE SIZE (Optional)

If you wish, indicate relative sizes for your label text (e.g. big, small, large as possible) on your sketch.

SKETCH YOUR LABEL DESIGN (Helpful, but also optional)

Pick the style of label you want — Roll, Computer-print/sheet-feed or pin-feed. Next, sketch your label design on a sheet of paper and fax it to us at 916-771-4005 or e-mail it as a PDF to us at sales@gmplabeling.com. We will respond promptly with a quotation and suggest options for you to consider.

Or, simply call us at 800-637-4487 and we can complete your design over the phone.



This is the finished label

You don't have to order large quantities. We handle orders as small as 1000 labels!

Call toll free 800-637-4487 to place an order or visit www.gmplabeling.com

CREATE-YOUR-OWN LABELS

We provide two ways to help you design and print your own blank or preprinted sheet feed labels.

GMPublish™

GMPublish is a series of easy to use Adobe Acrobat files that have been pre-formatted to allow you to enter data easily onto either our blank or preprinted laser labels. Each of our stock LP label designs has several associated **GMPublish** templates that we can provide you with...for free...that will make label use easy. You can also use **GMPublish** to enter data into your custom made pre-printed or blank laser labels.

Each LP product has a series of **GMPublish** templates available in a variety of font sizes so you are sure to find one that will create legible, useful labels for you.

Call us at (800) 637-4487 or e-mail us at sales@gmplabeling.com and we will e-mail you the appropriate **GMPublish** label template (Windows and Mac Compatible) design for your labels. If your work involves label data entry, **GMPublish** will save you time and effort

Data entry has never been easier.

Use GMPublish to enter data onto pre-printed LP labels using your desktop printer.

Call toll free 800-637-4487 to place an order or visit www.gmplabeling.com

Sheet-feed blank labels

GMP Cleanroom Supplies

Maintain compliance in your cleanroom with our documentation products

ISO Compliant Products

As part of our commitment to supporting our customers in maintaining high levels of quality and GMP compliance, we offer a number of products designed specifically for use in the cleanroom.

All of our cleanroom products are manufactured using materials that emit few particles. Our notebooks are latex free, our pens use a low sodium ink, and our sticky notes use an adhesive that leaves minimal residue. In addition, before shipping to you, our products are cleaned and packaged in an ISO Class 4 cleanroom - ensuring that no foreign contaminants make their way into your clean area.

You can bundle cleanroom products with any of our other products and receive discounts on each item purchased. Maintain your control over environmental pollutants in your cleanroom with GMP Labeling.

SHIPPING & HANDLING

Unit means roll or pack of labels, dispenser, or software package.

	U.S. Charge	Canada
First Unit:	$11.75	$14.75
Each Additional Unit:	$5.00	$5.75

- Within U.S. and Canada, goods are shipped either ground or 2nd day air.
- Outside U.S., goods are shipped best way. Ask for quotation.
- Sales tax will be added for shipments within California.

Terms: Net 30 days on approved credit.

The GMP Labeling Guarantee
Return anything, any time.
No discussions, no problems.

DESIGN-YOUR-OWN LABELS PRICING

Roll: per roll of 1000 labels.

Pin-feed: per pack of 1000 labels.

Sheet-feed: per pack of 250 sheets. Labels per sheet: 10LP=40; 16LP=30; 17LP=21; 26LP=20; 20LP=12; 21LP=10; 53LP=6; 51LP; 50LP=4.

Options: Two ink colors, add 50%; blank labels, deduct 50%; sequential numbering, add 50%; removable adhesive, add 10%.

Clear label covers: to protect printing/writing on labels. Available on rolls to match all label sizes. To order: specify size and use price of 50% of the corresponding custom label price. For example: unit price for 2″ x 1″ label is $208.00; price for clear label is $104.00. Standard volume discounts apply.

Specialty Labels

Pressure Sensitive Labels for a Wide Variety of Applications and Uses

Synthetic Materials
We can manufacture labels using a variety of synthetic materials including Polyester, Polypropylene, Vinyl and more.

Cleanroom Compatible
If your operations are sensitive to particulates and contaminates, in addition to our cleanroom documentation products, we can provide labels compatible with Class 10 standards and higher.

Tags
Many types of materials are available including Paper, Polyester, Polypropylene, Vinyl and more. These tags are very durable.

Food Contact
We have materials that are approved for service involving contact with food per Title 21 CFR 175.105.

Cryogenic Applications
These labels can be used in extremely low temperature environments such as freezer storage.

Sterilization Required
We can provide labels that can withstand a variety of sterilization methods including Alcohol Cleaning, Gamma or Electron Beam Radiation, Autoclave or Converter Processing and Ethylene Oxide Gas Sterilization.
